## Question 1

Bill Brown will arrive at a secure parking facility 15km from Calais ferry port at 21.00hrs today (local time), en route to the UK. WH's Kirkcaldy customer needs to be advised of the time when the goods will be delivered.

Use the information provided in the case study to complete the driver schedule for Bill's journey, using the table below. Your schedule must begin when the driver arrives at the secure parking facility and end when the goods have been unloaded at the Kirkcaldy customer's premises.

#### Notes:

You **MUST** show each activity separately, including start time and finish times in local time and tachograph modes (symbols are NOT acceptable).

You **MUST** show a clear description of each activity, including a destination for each driving period, break and rest periods.

Start Time	Finish Time	Description of Activity	Tachograph Mode
21:00			

(15 marks)

## **Question 2**

WH is planning to take some actions that will require it to submit online applications or notifications to Traffic Commissioners.

(a) Use the information provided in the case study to outline <b>NINE</b> such applications or notifications.
Note:
You <b>MUST</b> outline each application or notification, identify the relevant proposed action and identify any operating centres concerned.
You are <b>NOT</b> required to give form numbers.

Questions continue on next page

(9 marks)

(b) Some of the actions that WH is planning to take will also require the company to place a suitable advert in a newspaper local to the relevant operating centre. Outline <b>THREE</b> such actions.	

(3 marks)

## **Question 3**

Bill Brown is driving an articulated combination on a journey that began on Tuesday of this week and will end on Sunday. You are required to calculate the cost of the whole journey.

Use the information provided in the case study to calculate the cost of the journey that began and will end at WH's Aberdeen operating centre.

Note:
You <b>MUST</b> show all your workings. You MUST name each cost and give a total for each:

Questions continue on next page

(12 marks)

#### **Question 4**

WH's directors have decided to accept the contract offer from Walvingham Chemicals plc, to transport regulated dangerous goods in the UK. To comply with its policy of not carrying such loads in its own vehicles, WH will subcontract the work to other hauliers. You have been asked to identify suitable hauliers with the minimum risk to WH's reputation.

(a) Outline <b>FIVE</b> legal requirer	nents that subcontractor'	s vehicles which complete	e this work must satisfy.
			(5 marks)
(b) Outline <b>FIVE</b> legal requirer satisfy.	nents that drivers of subc	contractors vehicles which	complete this work must

## **Question 5**

WH's Group Transport Manager has asked you to review the vehicle safety inspection procedures across all of the company's operating centres. following the guidance provided in the recently updated DVSA Guide to Maintaining Roadworthiness ("The Guide").

The Guide states that, 'safety inspections should, where it is practicable, be programmed to follow a time-based pattern. The frequency at which inspections are undertaken should be determined by assessing the level of mechanical degradation likely to be incurred over a period as a result of the vehicle's usage. This will depend on such factors as:'.

Give <b>SEVEN</b> factors that the Guide suggests should be considered when setting safety inspection intervals.
(7 marks)

## **Question 6**

Alana Smith joins WH as its first marketing director on 1<sup>st</sup> October 2023. She has asked you about the marketing data that might be available to her.

You have identified the following four sources of data for Alana.

For each of these four data sources, state whether it provides primary or secondary marketing data.
(a) Results from a customer questionnaire about future demand, to be completed in October 2023.
(1 mark
(b) WH's customer database.
(1 mark
(c) WH's accounting system.
(1 mark
(d) WH's sales team reports on the volume discount offered to customers in the last quarter of 2022.
(1 mark

#### **Extra Sheet 1**

If additional answer space is required, you should use these extra sheets. The question number(s) must be clearly shown in the margin(s).
